

## Q. Can you give me an estimate?

**A. We can provide a basic fee estimate.**

**For a detailed estimate, please contact us for a meeting.**

H.U. Cells provides various quality tests in compliance with regulations such as the Japanese Pharmacopoeia, ICH Q5A, and ICH Q5D. Preliminary testing and validation are also required when necessary.

Pre-treatment may be required depending on the contents of the request, the type of specimen (cell suspension or culture supernatant, etc.), and the condition of the specimen. A detailed quotation will be provided upon discussion.

Please feel free to contact us for more information.
